

## Cuatro A Recibi Boton pa 30-Anja Na Ceremonianan

"Pa miembronan di Management Staff y compania, 30 anja di servicio ta un considerable exito," Gerente General W. A. Murray a bisa na un reunion di Management Staff Sept. 12 den cual cuatro empleado a worde presentá certificado y boton di 30 anja di servicio. E cuatronan honrá tabata Rene J. E. Watchman, nurse, den Medical Department; David Wilson, assistant operator, di Process-Utilities; Arnold Jopling, zone foreman, di Mechanical - Carpenter & Paint; y Edgar J. Hillstead, zone supervisor, di Mechanical - Field Coordination.

Despues di a presenta e certificadonan, Sr. Murray a bisa: "Bosonan a dedica boso hopi anja di servicio na mehoranza di compania cual ta trahando continuamente hunto cu boso pa e mes obheto."

Participando den e ocasion memorable hunto cu Sr. Watchman tabata Dr. G. G. Hendrickson, director medico interino, kende a bisa: "Sr. Watchman a haci hopi bunita contribucionnan na Departamento Medico, especialmente den Centro Medico pa Empleado. El tin e distincion di ta e promer empleado medico cu a atene 30 anja di servicio."

Sr. Watchman a cuminsa na Lago como un carpinter den e Departamento di Carpinteria na Februari 1928. El a worde empleá door di Esso Transportation Company di 1934 te 1937 y a worde re-empleá door di Lago como un peon A den Departamento (Continúa na pagina 2)

## Nuclear Energy Seminar To Start Here Next Month

A leading figure in the world of nuclear energy will conduct a month-long seminar at Lago on this aspect of modern technology. Beginning the latter part of next month, a seminar delving into the broad picture of nuclear energy will have as its director Dr. Harold R. Nelson, according to an announcement by Lago's Seminar Committee.

The seminar, intended for college graduates with engineering or technical background, or those who may otherwise qualify through experience or education, will commence Oct. 27, meet twice weekly and conclude Nov. 20. Two sessions will be available, both covering the same subject material, from 7:30 p.m. to 9:30 p.m. on either Mondays and Wednesdays or Tuesdays and Thursdays. Enrollment in the nuclear course is entirely voluntary, carries a tuition fee and may have Lago's educational refund plan applied against the course fee.

Seminar application blanks are available at the Training Division, room 262 of the Administration Building.

Dr. H. R. Nelson

They must be returned to H. D. Harms of the Training Division no later than 4 p.m. Oct. 15. Those interested in the seminar and planning to participate under the refund plan must complete section A of the refund application blank and send it to their supervisor.

The two sections of the seminar will each have no more than 35 students.

The course will cover fission energy, its economics and technical progress. (Continued on page 2)

# 25 Honored For Long Service

GENERAL MANAGER W. A. Murray presents a 25-year service watch to R. E. Frank, TSD-Engineering, in the Sept. 3 ceremonies held in the Administration Building main conference room. A record number of 21 employees were awarded watches for having attained 25 years' service.

GERENTE GENERAL W. A. Murray ta presenta oloshi di 25 anja di servicio na R. E. Frank, di TSD-Engineering, na e ceremonianan dia 3 di Sept. den cuarto di conferencia principal di Administration Building. Un record cantidad di 21 empleado a worde presentá un oloshi.

RECIPIENTS OF 30-year certificates in ceremonies held Sept. 12 were, left to right, Edgar J. Hillstead and Arnold Jopling, both of the Mechanical Department; David Wilson of the Process Department, and Rene J. E. Watchman of the Medical Department.

RECIPIENTENAN DI e certificadonan di 30 anja na ceremonia teni Sept. 12 tabata, robex pa drechi, Edgar J. Hillstead y Arnold Jopling tur dos di Mechanical Department; David Wilson di Process Department, y Rene J. E. Watchman di Medical Department.

## Record Number Given Watches; 30-Year Service Acknowledged At Award Ceremonies for Four

A record number of 21 employees passed the 25-year-service mark in August and were presented with commemorative service watches Sept. 3 in ceremonies held in the Administration Building's main conference room. Because of the size of the participating group, the ceremony was moved from the Reception Center where it had been held in the past.

In addition to the service watch recipients, a total of 53 supervisors and members of management attended the program.

Since the company began honoring employees passing the quarter-century service mark, a total of 614 watches have been awarded as symbols of appreciation to employees for their part in building the company to the position it has attained today.

### Comite Di LSPB Ta Nombra Diez Candidato

Preparando pa e eleccion annual di Oct. 28 y 29 pa Junta di Lago Sport Park, e comite nominativo pa e grupo aki a nombra 10 candidato.

Encabezando e lista ta e funcionarianan actual A. W. Brokke di Accounting Department y J. N. La Cruz di Comisario di Lago. Ambos ta corre atrobe pa re-eleccion, Sr. Brokke representando basketball y tennis y Sr. La Cruz representando beisbol y tennis.

E otronan nombrá pa e comité, nan departamento, y deportenan cu nan ta representa ta lo siguiente: J. P. Pemberton di Comisario di Lago, hizamento di peso; L. Albus di Accounting Department, futbol y volleyball; J. A. Bislick di Accounting Department, softball y futbol; T. Johnson di Process Department, cricket y track; V. C. Thomson di Mechanical Administration, volleyball y softball; C. L. Batson di Mechanical Administration, tennis; L. P. Sullivan di Mechanical Administration, cricket, y L. D. de Palm di Accounting Department, softball.

Formulario pa peticion lo ta disponibel na Personnel Relations Division di Departamento di Relaciones Industrial dia 29 di Sept. E peticionnan mester worde entregá no mas laat cu merdia di Oct. 4 cu e firmaman di 100 constituyente.

The program was initiated in November, 1954, the same year the company celebrated its 25th anniversary. From Nov. 8 through Nov. 12, the initial ceremonies were held within departments by members of the Executive Committee. A total of 205 watches were presented initially to employees who served the company or Standard Oil Co. (N.J.) affiliates for 25 or more years.

Presenting the gold-inscribed watches at the Sept. 3 ceremony was General Manager W. A. Murray who said: "The Board of Directors is very proud to have employees who have elected to stay with the company for such a long time as 25 years. Yet, I know that those of us who have passed that milestone feel that it isn't really such a long time after all and that it has given all of us great satisfaction."

Of the 21 employees who received the service watches, 12 were from the Mechanical Department, four from the Process Department, two from TSD and one each from General Services, the Marine Department and Public Relations Department.

The watch recipients were: P. Maduro, boiler; J. E. Peterson, machinist; V. V. Faro, machinist; P. Scharbaay, mason; J. A. Anthony, paint; C. M. Dossett, paint; G. G. Steward, pipe; C. E. Scipio, pipe; V. Webb, welding; G. Dirksen, welding; J. C. Thijzen, yard, and P. Garcia, yard, all of the Mechanical Department; R. E. Illidge, Acid & Edcleanu; H. van der Linden, Cracking; W. C. Inniss, Receiving & Shipping, and C. E. Meyers, Utilities, all of the Process Department; R. E. Frank, TSD-Engineering; E. Kock, TSD-Laboratory; T. G. Geerman, General Services-Operating Division; R. M. Hazel, Marine-Floating Equipment; and R. W. Schlageter, Public Relations Department.

"To members of the management staff, and to the company, 30 years service is a considerable achievement," said General Manager W. A. Murray at the special management staff meeting Sept. 12 where four employees were presented with 30-year service certificates and emblems. The four honored were Rene J. E. Watchman, nurse in the

Medical Department; David Wilson, assistant operator in Process-Utilities; Arnold Jopling, zone foreman, Mechanical-Carpenter & Paint; and Edgar J. Hillstead, zone supervisor, Mechanical-Field Coordination.

After presenting the certificates, Mr. Murray said, "You men have devoted many years of service to the betterment of the company which is continually working with you toward the same effort."

Sharing the memorable occasion with Mr. Watchman was Dr. G. G. Hendrickson, acting medical direc-

tor, who said, "Mr. Watchman has made many fine contributions to the Medical Department, especially in the Employee Medical Center. He has the distinction of being the first medical employee to achieve 30 years of service."

Mr. Watchman started at Lago as a carpenter in February, 1928. He was employed by the Esso Transportation Company from 1934 through 1937 and was re-employed by Lago as a laborer A in the Medical Department. (Continued on page 2)

## L. G. Smith, Former Lago President, Dies at Age 67

Lloyd G. Smith, Lago's first resident director and president, and a man held in high esteem by the Aruba community, died of a heart attack Sept. 9 at his home in Media, Pennsylvania. His age was 67.

Over 40 years of Mr. Smith's professional life was spent in the oil industry; with the Standard Oil Co. (N.J.), the majority of his time and its affiliates. A large segment of Mr. Smith's petroleum career was with Lago and Aruba. It was here that he established himself as a man of bountiful facilities equally endowed with both professional and human qualities of highest stature. He was deeply sympathetic towards the endeavors of others, a trait that won for him legions of Aruba friends. His warm interest in others gained Mr. Smith the distinction of having a royal decree conferred upon him and having one of Aruba's main traffic arteries bear his name.

### Royal Decoration

Praise and honor were heaped upon Mr. Smith in mid-1946 when his transfer to New York was made

L. G. Smith

known. Her Royal Highness Princess Wilhelmina, then Queen of the Realm, made him Knight Commander in the Order of Orange Nassau. Former Lt. Gov. L. C. Kwartz announced, almost simultaneously, that a proposed thoroughfare along Oran (Continued on page 7)

THE FIRST employee in the Medical Department to achieve 30 years' service, Nurse Rene J. E. Watchman, discusses his career with General Manager W. A. Murray during the refreshment period.

EL PROMER empleado den Medical Department cu a atene 30 anja di servicio ta Nurse Rene J. E. Watchman, kende ta discuti su carera cu Gerente General W. A. Murray durante e periodo pa tuma un refresco.

## Four Receive 30-Year Awards

(Continued from page 1)

partment in June, 1937. Mr. Watchman was promoted to nurse Aug. 1, 1952.

While congratulating Mr. Wilson for achieving his 30 years of service, G. L. MacNutt, Process Department superintendent, said, "Mr. Wilson is employed in our Powerhouse group which is a very important function at Lago. He has certainly maintained a fine record." Another Lago 30-year employee, W. L. Ewart, Utilities Division superintendent, added that Mr. Wilson was always on the job when needed.

Mr. Wilson started at Lago Sept. 30, 1928, as a stillman helper in the pressure stills. He transferred to Receiving & Shipping in April, 1929, and to Utilities in February, 1933. His promotion to assistant operator came in September, 1952. Mr. Wilson's entire 30 years of service were obtained without a deductible absence.

J. R. Proterra, Mechanical Department superintendent, addressed the group to congratulate both Arnold Jopling and Edgar Hillstead. He said that Mr. Jopling could possibly attain 45 years service with the company since he had 15 more years to go before retirement at age 60. "We would have to create a special award for that many years of service," Mr. Proterra remarked.

Mr. Jopling was first employed by the Imperial Oil Co. Ltd., in Canada in June, 1928. He was just 15 years

old. He remained there until July, 1945, when he transferred to the Tropical Oil Company in Colombia. Interestingly enough, he and Mr. Murray worked together at Imperial where Mr. Jopling was a tradesman and Mr. Murray his helper. Mr. Jopling transferred to Lago April 15, 1950, as a subforeman in Mechanical-Carpenter Craft and was promoted to zone foreman Oct. 1, 1951.

Speaking next of Mr. Hillstead, Mr. Proterra said that he was very pleased with Mr. Hillstead's contributions to the department and to the company.

An interesting story was brought forth by Charles Greene, TSD superintendent, who recalled the time Mr. Hillstead got soaked with crude because of a freak pressure condition in a crude tank. "Since no harm was done, it was a funny situation. Ed pulled a gauge hatch cover on the tank and up came the crude. He really looked pathetic."

Mr. Hillstead was first employed by Standard Oil Co. (Indiana) in the United States March 12, 1928. He transferred to Lago in March, 1931, as a helper, second class in TSD-Engineering. Mr. Hillstead moved to the instrument craft in September, 1934, and was later promoted to assistant foreman. Mr. Hillstead was made technical supervisor in planning and engineering in December, 1947. In November, 1955, he was assigned to the Field Coordinating Division as zone supervisor.

OLD TIMES are aired by, left to right, C. E. Berrisford and 30-year recipient Arnold Jopling, both of the Mechanical Department, Marine Manager J. H. Brown and Mechanical Superintendent J. R. Proterra.

TEMPO BIEUW ta worde repasá pa, robez pa drechi, C. E. Berrisford y recipiente di emblema di 30 anja Arnold Jopling, tur dos di Mechanical Department; Gerente di Marina J. H. Brown; y Mechanical Superintendent J. R. Proterra.

## 30-Anja

(Continua di pagina 1)

mento Medico na Juni 1937. Sr. Watchman a worde promoví pa nurse na Aug. 1, 1952.

### Sr. Wilson

Mientras el a felicita David Wilson cu su 30 anja di servicio, G. L. MacNutt, superintendente di Process Department, a bisa: "Sr. Wilson ta empleá den nos grupo di Powerhouse cual ta un lugar hopi importante aki na Lago y por cierto el a mantene un bunita record." Un otro empleado cu 30 anja di servicio cu Lago, W. L. Ewart, superintendente di Utilities Division, a agrega cu Sr. Wilson semper tabata na su trabao ki ora cu tabatin mester di djc.

Sr. Wilson a cuminsa na Lago Sept. 30, 1928 como un helper na Stills trahando den Pressure Stills. El a worde transferi pa Receiving & Shipping na April 1929 y pa Utilities na Februari 1933. Su promocion pa assistant operator a sigui na September 1952. Sr. Wilson su henter carera di 30 anja di servicio tabata obteni sin ningun ausencia cu ta reduci servicio.

J. R. Proterra, superintendente di Mechanical Department, a dirigi palabra na e grupo pa felicita tanto Arnold Jopling y Edgar Hillstead. El a bisa cu Sr. Jopling posiblemente por yega 45 anja di servicio cu Compania como cu ainda el tin 15 anja mas promer cu pension na edad di 60. "Nos lo mester traha un certificado special pa asina tanto anja di servicio," Sr. Proterra a remarka.

### Sr. Jopling

Sr. Jopling promer a worde emplea door di Imperial Oil Co. Ltd. na Canada na Juni 1928. El tabatin solamente 15 anja di edad. El a keda aya te Juli 1945, ariba eual fecha el a cambia pa Tropical Oil Company na Colombia. Hopi interesante ta, cu el y Sr. Murray a traha hunto na Imperial unda Sr. Jopling tabata un "Tradesman" y Sr. Murray su helper. Sr. Jopling a worde transferi pa Lago na April 15, 1950, como un subforeman den Mechanical - Carpinteria y a haya promocion pa Zone Foreman na Oct. 1, 1951.

Papiando atrobe tocante Edgar Hillstead, Sr. Proterra a bisa cu el tabata hopi contento cu e contribucionnan di Sr. Hillstead na e departamento y na Lago.

Un historia interesante a worde treci padilanti pa Charles Greene, superintendente di TSD, kende a recorda e tempo cu Sr. Hillstead a keda banjá cu azeta crudo pa motibo di un presion stranjo den un tanki di azeta crudo.

Sr. Hillstead pa promer bez tabata empleá pa Standard Oil Co. (India) na Estados Unidos dia 12 di Maart 1928. El a worde transferi pa Lago na Maart 1931, como un helper 2do clase den TSD-Engineering. Sr. Hillstead a worde camhiá pa e Departamento di Instrument anterior na September 1934 y despues a haya promocion pa subforeman. E departamento aki a worde pasá bao Mechanical Department na December 1947 y Sr. Hillstead a worde haci supervisor tecnico den seccion di planeamento y ingenieria. Na November 1955, el a worde asigná pa Field Coordinating Division como zone supervisor.

## Seminar

(Continued from page 1)

blems, nuclear energy in the petroleum industry and a glance into the future.

Manager of Battelle's Department of Physics, located in Columbus, Ohio, Dr. Nelson is also a member of the United States Atomic Energy Commission's Advisory Committee on Isotope Distribution and a member of Ohio's Advisory Board on Atomic Energy. He is an Amherst College graduate and holds a doctorate in physics from Cornell University. Dr. Nelson held a teaching post at Cornell before associating himself with Battelle in 1934. He worked with atomic energy at the outset of the wartime project in 1942. In later years he had charge of Battelle's nuclear energy center.

## L.G. Smith, Ex-Presidente Di Lago, A Fallece Sept. 9

Lloyd G. Smith, Lago su promer director y presidente residente, y un persona hopi aprecia pa Comunidad Aruhano, a muri di atake di curazon Sept. 9 na su cas na Media, Pennsylvania. El tabatin 67 anja di edad. Mas di 40 anja di Sr. Smith su bida profesional el a pasa den industria petrolera, cu e mayoria cu Standard Oil Co. (N.J.) y su afiliadonan.

Un gran parti di carera petrolera di Sr. Smith tabata cu Lago y Aruba. Tabata aki cu el a establece su mes como un homber di afabilidad generoso, dotá igualmente cu calidatnan profesional y humano di lo mas alto grado. El tabatin profundo simpatia pa esfuerezonan di otro, un punto di caracter cu a hacie'le haya numeroso amigo na Aruba. Su interes caluroso den otro hende a gana Sr. Smith e distincion cu a worde otorgá na dje pa decreto real y cu su nomber a worde duná na uno di e carretera principal di Aruba.

Elogio y honor a worde duná na Sr. Smith na mitar-1946 tempo cu su cambio pa New York a worde anuncia. Su Alteza Real Prinses Wilhelmina, e tempo Reina di Reinado Holandes, a hacie'le Comandeur den Orden di Oranje Nassau. Ex-Gezaghebber L. C. Kwartzs a anuncia, casi na mes tempo, cu un camina proyectá na canto di awa na Oranjestad lo worde duná number di L. G. Smith Boulevard. E mes pida camina, awor mas grandi cu a worde contemplá na 1946, tey como un me-

moria na un homber, manera Sr. Kwartzs a comenta 12 anja pasá, kende tabata instrumental den desarrollo di "relacion intimo entre Oranjestad y Lago." E Comité Consultativo di Empleadonan, encabezá pa B. Chand, a presenta Sr. Smith un documento di perkament cu palabran carifinoso di despedida. Na un comida den golf club na su honor, P. Kasteel, e tempo gobernador di Curacao, a elogia Sr. Smith como un "gran Americano" y un "gran ciudadano di Aruba."

### A Worde Transferi

Tempo cu Sr. Smith a worde transferi pa Oficina na New York como asistente coordinator di refinacion estranhero, el a completa 13 anja di servicio cu Lago. Sr. Smith a bini na Lago na October 1933 como gerente general. E siguiente anja, el a bira director di e compania. El a worde elgi vice presidente dia 24 di Februari 1942, y presidente dia 31 di Juli 1944, y asina el tabata e promer presidente residente den historia di Lago. Anteriormente, e posicionnan di vice presidente y presidente tabata ocupá pa hendenan den oficina na New York. Sr. Smith su asociacion cu Lago no tabata solamente den un capacidad ehecutivo for di 1933 te 1946. El a worde introduci na Lago mas promer, tempo cu el a bishita Lago na 1927 como gerente asistente di refinacion pa Pan American

IN A three-way conversation after the ceremonies are these three Utilities men, left to right, C. R. Osborn, David Wilson, who received his 30-year certificate, and A. J. Casali.

DEN UN conversacion entre e tres hendenan di Utilities despues di ceremonia tabata, robez pa drechi, C. R. Osborn, Davis Wilson, kende a ricibi e certificado di 30 anja; y A. J. Casali.

A HUMOROUS comment from George B. Mathews, division superintendent in the Mechanical Department, evokes a laugh from Edgar J. Hillstead, zone supervisor, at the service award ceremonies.

COMENTARIO HUMORISTICO di George B. Mathews, superintendente di division den Mechanical Department, ta causa harimento na Edgar J. Hillstead, Zone Supervisor, na ceremonia di presentacion di certificado di servicio.

FOLLOWING THE announcement of L. G. Smith's transfer to New York, members of the Employees' Advisory Committee gathered to bid him farewell.

DESPUES DI anuncio di cambio di L. G. Smith pa New York, miembronan di Comité Consultativo di Empleadonan a reuni hunto pa tuma despedida di dje.

IN EARLIER days Mr. Smith posed with the then Lago president, G. W. Gordon. The occasion was a visit to the refinery by Mr. Gordon in the days when the Lago president resided in New York. DEN DIANAN pasa Sr. Smith a posa hunto cu e presidente di Lago anterior, G. W. Gordon. E ocasion aki tahata un visita di Sr. Gordon na refinaria tempo en president di Lago tahata biha na New York.

# L. G. SMITH.. at Aruba

## 1933 - 1946

PRINCESS WILHELMINA, then Queen of the Realm, conferred the Knight Commander in the Order of Orange Nassau on Mr. Smith. Governor P. Kasteel made the formal presentation.

PRINSES WILHELMINA, e tempo Reina di Holanda, a otorga e condecoracion di Comandeur den Orden di Oranje Nassau na Sr. Smith. Gobernador P. Kasteel a haci e presentacion oficial.

Twelve years ago the then Aruba lieutenant governor, L. C. Kwartz, announced that a thoroughfare to be built along the Oranjestad waterfront would be named the L. G. Smith Boulevard. It would be symbolic of the close connection between Lago and Oranjestad instilled in the peoples of both areas by Mr. Smith, the governor said. The boulevard, now much longer and in grander style than first visualized when the announcement was made, stands as a testimonial to a man who, as a Lago executive from 1933 to 1946, endeared himself to the people of Aruba. Extremely concerned with the welfare and development of the Aruba community, he took an active interest in its people, its social life, its schools, its clubs, its religions. So deep and sincere were his interests that he was warmly greeted wherever he visited, be it the cunucu or playa. He was a man well liked, a man who took with him to his last day, Sept. 9, 1958, fond Aruba memories and scores of Aruba friends.

Diezdos anja pasá e Gezaghebber anterior di Aruba, L. C. Kwartz, a anuncia cu un carretera cu lo worde trahá na canto di awa na Oranjestad lo worde dedicá cu e nomber di L. G. Smith Boulevard. E lo ta simbolico pa e relacion intimo entre Lago y Oranjestad, cual ta inspirá den e hendenan di ambos lugarnan door di Sr. Smith, e gezaghebber a bisa. E boulevard, awor mas largo y na estilo mas grandi cu tabata pensá originalmente tempo cu e anuncio a worde haci, ta presente ey como un testimonio di un homber kende, como un ehecutivo di Lago di 1933 te 1946, a apegá su mes na e hendenan di Aruba. Asina profundo y sincero tabata su interes cu el tabata haya un caluroso bienvenida unda cu e bishita, sea den districto of na Playa. El tabata un homber hopi gustá, un homber kende a hiba cu ne te su ultimo dia, Sept. 9, 1958, recuerdonan tierno di Aruba y di cantidad di amigonan na Aruba.

GOVERNOR P. Kasteel voiced the territory's loss in Mr. Smith's transfer to New York. The eloquent delivery highlighted a farewell party at the Aruba Golf Club in August, 1946.

GOBERNADOR P. Kasteel a expresa e perdida pa e territorio cu e cambio di Sr. Smith pa New York. Su discurso elocuente tabata e evento principal na un fiesta di despedida na Aruba Golf Club na Augustus 1946.

IT WAS at the home of Lt. Gov. L. C. Kwartz that Mr. Smith, left, received the Knight Commander in the Order of Orange Nassau, above. Another familiar scene was Mr. Smith at sports contests making awards to the winners, below. Raymundo Kemp is the recipient.

TABATA NA cas di Gezaghebber L. C. Kwartz unda Sr. Smith, robez, a ricibi e condecoracion di Comandeur den Orden di Oranje Nassau, arriba. Un otro vista familiar tahata unda Sr. Smith tabata haci presentacion di premio na ganadornan den weganan deportivo, abao.

GUESTS AT the 1942 Christmas party lifted Mr. Smith to shoulder level in a display of camaraderie. Such outward displays of friendship were common occurrences in the former president's life.

HUESPED NA e fiesta di Pascu di 1942, Sr. Smith a worde hizá na halto den un demonstracion di companjerismo. Tal manifestacionnan di amistad tabata ocurcencianan regular den bida di e ex-presidente.

A FREQUENTER of many diversified activities, he is shown here actively opening a softball league. UN VISITANTE na hopi y diferente actividadnan, el ta muntrá aki inaugurando un wega di liga.

# Turnaround

Barely able to detect the familiar pungent odors but keenly aware of the silent compressors and motors, an army of tradesmen swarmed over the cat cracker Aug. 11 to begin the 14th turnaround. Guided by supervisors, process men and engineers, approximately 600 men bent to the task of rebuilding and modernizing the unit to keep it continuously on stream until the next scheduled general inspection. Nearly two and one-half years had passed since the last turnaround.

The job was finished Sept. 22 and the cat cracker went on stream the same day. Approximately 133,000 man hours went into the 42-day project.

Turnaround is basically a program of preventive maintenance. In addition, it enables the Process Department and TSD to install new, improved equipment and adopt modern cost-saving methods of operation. Modifications to the cat cracker have improved safety conditions, reduced maintenance costs, reduced catalyst losses - a savings here of \$1200 a day - and have improved process control of the PCAR. Incorporation of cost-reduction methods and equipment enables Lago to maintain its healthy competitive position in the world markets.

The scenes on these pages illustrate many of the trades and skills which make the turnaround a successful operation.

Un ejercito di hombernan di ofishi, kende casi no por descubri e olornan skerpi familiar pero kende ta vivamente consciente di e compressornan y motornan silencioso, tabata rondona rond di "cat cracker" Aug. 11 pa cuminza di 14 inspeccion di e planta. Bao supervision di hefenan, empleadonan di Process y ingenieronan, mas of menos 600 homber a emprende e tarea pa re-construi y moderniza e unidad pa tene'le continuamente na operacion te e siguiente inspeccion general. Casi dos anja y mei a pasa desde e ultimo renobamento general. E trabao a keda completá Sept. 22 y e cat cracker a cuminza opera atrobe e mes un dia. Mas of menos 133,000 ora di trabao a bai den e proyecto di 42 dia.

Renobamento general basicamente ta un programa pa prevencion di mantencion. En adicon, ei ta permiti Process Department y TSD pa instala equipo nobo y mehor y pa adopta metodonan moderno cu ta rebaha costo di operacion. Modificacionnan na e cat cracker a mehora condicionnan di seguridad, a reduci costo di mantencion, a reduci perdida di "Catalyst" - esaki ya ta spaar \$1200 pa dia - y a mehora control di refinacion di PCAR. Incorporacion di metodonan y equipo pe reduci costo ta permiti Lago pa mantene su posicion sano di competicion den mercado mundial.

E escenanan ariba e pagina-nan aki ta ilustra hopi di e capacidadnan cu a haci e renobamento aki un operacion cu bon resultado.

A SERIOUS note was injected into the anniversary celebration as LVS graduates and guests were addressed by members of Lago management. UN NOTA serio a worde imprimi den e celebracion di e aniversario ora graduadonan di LVS y huespednan a tende discursonan di miembronan di Directiva di Lago.

LVS GRADUATES, who began their vocational school training in 1948, pose for their official ten-year anniversary picture at a reception and dance held at the Bonaire Club in San Nicolas Sept. 13. GRADUADONAN DI LVS, kende a cuminsa nan educacion na school di ofishi na 1948, ta grupá hunto aki pa nan saka portret conmemorando nan di 10 aniversario oficial na Club Bonairiano cu un baile teni Sept. 13.

### Baile di 10 Anja Aniversario Tení pa Grupo di LVS 1948

Miembronan di e klas 1948 di Lago Vocational School a celebra nan di diez aniversario cu un recepcion y baile September 13 den Club Bonairiano na San Nicolas. Mas di 150 persona a atende e fiesta di gala incluyendo 38 miembronan di e klas di e grupo di 1948 cu a gradua na 1952. Tanto un aviso serio como alegria tabata combiná den e programa di e anochi, cual a principia cu un recepcion, durante cual miembronan di Directiva di Lago a duna palabran di felicitacion, y a termina cu baile te 3 'or di mainta. E graduadonan di LVS y miembronan di nan familia inmediata a

seucha F. W. Switzer, superintendente general, y W. A. Murray, gerente general, felicita e klas cu su aniversario y a elogia e graduadonan pa nan contribucionnan na compania. Presidente di e comité organizador pa e baile tabata Robert Hernandez, di Mechanical Administration. El a worde asisti pa Wilhelmus Diaz di TSD; Deoniso Kock di Process-LOF; Dominico Quant di Mechanical Administration; Raymond Sharpe di TSD; Joe Maduro di Mechanical Department; Jacintho Tromp di Process-LOF; y Colin Batson di Mechanical Department.

A DISCUSSION of contributions to Lago by LVS students takes place among Chairman Robert Hernandez, left; Mr. Murray and Mr. Switzer. UN DISCUSION di contribucionnan na Lago door di estudiantenan di LVS ta tumando lugar entre Presidente Robert Hernandez, robes; Sr. Murray y Sr. Switzer.

A GALA time was enjoyed by graduates and their guests as they danced until the wee hours of the morning to the music of Sensacion Musical 1958. GOZANDO DI un fiesta di gala, e graduadonan y nan huespednan a balia te oranan tempran di mainta ariba notanan musical di conjunto Sensacion Musical 1958.

### Anniversary Dance Held By LVS Grads

Members of the 1948 group of the Lago Vocational School celebrated their tenth anniversary with a reception and dance Sept. 13 at the Bonaire Club in San Nicolas. More than 150 persons attended the affair including 38 class members of the 1948 group who graduated in 1952. Both seriousness and gaiety were combined in the evening's program which began with a reception, where members of Lago management gave congratulatory remarks, and ended with music and dancing. The LVS graduates and members of their immediate families heard F. W. Switzer, general superintendent, and W. A. Murray, general manager, congratulate the class on its anniversary and laud the graduates for their contributions to the company. Chairman of the dance organizing committee was Robert Hernandez, Mechanical Administration.

MEMBERS OF the dance's organizing committee chat with General Superintendent F. W. Switzer during the reception. MIEMBRONAN DI comité organizador di e baile ta papia cu Superintendente General F. W. Switzer durante e recepcion.

THE RECEPTION welcoming address was given by Jacintho Tromp shown here talking to General Manager W. A. Murray. UN PALABRA di bienvenida na e recepcion a worde duná door di Jacintho Tromp, kende ta munstrá aki papiando cu Gerente General W. A. Murray.

### SERVICE AWARDS

20-Year Buttons		10-Year Buttons	
David N. Solomon	Gen. Serv.-Commissary	James C. Bruunings	Process-C&LE
Marcolino R. Breed	Gen. Serv. Commissary	Alfonso Larmonie	Process-Utilities

## Esso Develops Spray To Control Banana Disease

A low-volume oil spray that effectively controls a destructive banana plant fungus was announced recently by Esso Research and Engineering Company.

The fungus—*Cercospora musae* causes banana leaf spot disease called sigatoka, which attacks the leaves of the plants. As the leaves wither and die, plants produce smaller and fewer bananas as well as fruit that ripens prematurely.

The fungicide, and the technique of applying it, were developed in a joint research program by Esso Research and Engineering and Esso Standard Oil S. A. In extensive field tests conducted in Jamaica, Esso's new oil fungicide reduced the infection rate from 83 per cent to less than five per cent after two and one-half months of biweekly spraying. Subsequent sprayings assure continued control.

When uncontrolled, sigatoka has been known to wipe out entire banana acreage. In one Caribbean island yearly banana exports dropped from one and one-half million stems to 55,000 stems as a direct result of the ravaging disease.

The Esso-developed oil spray is applied to banana plants as a fine mist either by helicopter, conventional airplane or portable knapsack sprayer. Less than two gallons an acre are needed to control the leaf spot blight effectively.

Since sigatoka was first discovered in Java, the disease has spread to virtually everywhere that bananas are grown.

## L. G. Smith

(Continued from page 1)

jestad's waterfront would be named the L. G. Smith Boulevard. That same stretch of highway, now of far more import than envisioned in 1946, stands as a memorial to the man who, as Mr. Kwartz commented 12 years ago, was instrumental in developing "the close connection between Oranjestad and Lago." The Employees' Advisory Committee, headed by B. Chand, presented Mr. Smith a scroll and fond words of farewell. At a golf club dinner in his honor, P. Kasteel, then governor of Curacao, lauded Mr. Smith as a "great American" and a "great citizen of Aruba."

When Mr. Smith was transferred to the New York office as assistant coordinator of foreign manufacturing, he concluded 13 years of Lago service. Mr. Smith came to Lago in October, 1933 as general manager. The following year he became a director of the company. He was elected vice-president Feb. 24, 1942, and president July 31, 1944, to become the first resident president in Lago's history. Previously, the positions of vice-president and president were held by men in the New York office.

### Here In 1927

Mr. Smith's association with Lago was not solely in executive capacity through the years from 1933 to 1946. He had had an earlier introduction to Lago when, as assistant manager of manufacturing for Pan American Transport Co., he visited Lago in 1927 with the group that formally selected this area as the refinery site.

Mr. Smith graduated from the University of Illinois as a mechanical engineer. His Jersey career began with the Standard Oil Co. (Ind.) in 1913. After leaving Lago in 1946 he remained in Jersey's foreign refining operations in New York, and in 1947 was elected vice-president and director of the Creole Petroleum Corporation.

A former president of the Venezuelan Chamber of Commerce in the United States, he had also been a director of the Pan American Society of the United States and the Bolivarian Society.

He is survived by his widow and seven children, three sons and four daughters, and 19 grandchildren.

## Cuatro Pensionando Principio di October

Cuatro empleado di Lago lo drenta fila di pensionistanan di compania ora nan bai for di Aruba cu pension na principio di otro luna. E cuatroronan, cu un total di 78 anja di servicio cu compania, ta James A. Lake, Mechanical-Pipe; Hendrik Patist, Process-LOF; Marcel Balussou, General Services-Dining Hall; y Francis Parisi, TSD-Engineering.

Sr. Lake, kende tabata un empleado di Lago pa casi 22 anja, a drenta servicio di compania na November 1936 como un peon B den Mechanical-Pipe. Consecuentemente el a avanza durante e anjanan y a bira pipefitter A na Maart 1945. Naci na St. Kitts, B.W.I., el a nacionalizá Antilliano y lo bai biba na St. Maarten despues di su pension Oct. 1.

Sr. Patist tin mas di 26 anja di servicio cu Lago. El a cuminsa cu compania na Maart 1934 como un operator 4to clase den Process-LOF. El a avanza pa operator 1a clase na April 1936; a haya promocion pa operator na 1943, y a yega su status actual di tecnico na November 1955. El lo cuminsa su vacante Oct. 1 y lo bai for di Aruba cu pension den futuro cercano.

Sr. Balussou tabata hefe di cocinero den Dining Hall pa e ultimo diez anja. Siendo un Frances, el a bini Lago na December 1947, como un cocinero supervisorio den Dining Hall y a worde promovi pa hefe di cocinero na Augustus 1948. El lo bai for di Aruba Oct. 1 cu vacacion y lo bai cu pension mas despues.

Sr. Parisi a bini na Lago na Juli 1940 como un field engineer den TSD. El a haya promocion pa ingeniero den e mes departamento na Januari 1945. Sr. Parisi lo bai for di Aruba cu vacacion Oct. 9 y lo cuminsa su pension den futuro cercano.

## 400 Pa Tuma Inyeccion Salk

Departamento Medico di Lago ta sigui urgi mayor nan di muchanan cu a ricibi nan promer inyeccion di Vacuna Salk na Januari ultimo pa preveni poliomyelitis (paralisis infantil) pa manda nan na clinica di hospital durante oranan regular pa nan haya nan tercer y ultimo vacunacion.

Director medico ta avisa cu e inyeccion final aki mester worde duná sicte luna despues di e segundo inyeccion cual e muchanan di edad 13 te 19 anja a ricibi na Februari. Mas o menos 400 muchan den e grupo di edad aki no a bin tuma e vacunacion final y protectivo.

## TSD-Process Wins Softball Title

BILL FISHER, captain of the TSD-Process softball team, accepts the championship trophy from Reed Holly after his team defeated the Mechanical-Personnel team 12-5 in the tournament play-off game at Lone Palm Stadium. All members of the championship team, accompanying picture, received trophies for the feat.

BILL FISHER, captan di team di softball di TSD-Process, ta acepta trofeo di campeonato for di Reed Holly despues cu su team a derrota e team di Mechanical-Personnel cu 12-5 den un wega final di e torneo na Lone Palm Stadium. Tur miembro nan di e team campion, hunto den portret, a ricibi trofeo pa e hecho.

## L. G. Smith

(Continúa di pagina 2)

Transport Co. hunto cu e grupo cu realmente a selecta e lugar aki como sitio pa e refineria.

Sr. Smith a gradua na Universidad di Illinois como un ingeniero quimico. Su carera na Jersey ta cuminsa cu Standard Oil Co. (Indiana) na 1913. Despues di a bai for di Lago na 1946, el a keda den servicio di operacionnan di refinacion den e stranheria di Jersey na New York y na 1947 el a worde eligi vice presidente y director di Creole Petroleum Corporation.

Siendo un ex-presidente di e Camara di Comercio Venezolano na Estados Unidos, tambe el tabata un director di Pan American Society di Estados Unidos y di Sociedad Bolivariana.

Su sobrevivientenan ta su senjora viuda y siete yiu, tres homber y cuatro muher, y 19 nieto.

## Liquido Nobo di Esso Ta Proteha Mata di Bacoba

Un liquido pa flit conteniendo un poco cantidad di azeta cual ta controla efectivamente un fungus destructivo ariba mata di bacoba a worde anuncia recientemente door di Esso Research & Engineering Company.

E fungus — yamá "Cercospora musae" — ta trece enfermedad ariba blachinan di mata di bacoba, yamá "Sigatoka", cual ta afecta e blachinan di e mata. Como cu e blachinan ta seca y muri, e mata ta produci menos bacoba, y mas chikito y ademas e fruta ta hecha promer cu su tempo.

E funguicida y e metodo pa aplicale a worde desaroyá den un programa conjunto door di Esso Research & Engineering y Esso Standard Oil S. A. Den testnan extensivo haci den haciendanan na Jamaica, e azeta funguicida nobo di Esso a reduci e cantidad di infeccion for di 83 porciento te menos cu cinco porciento despues di dos luna y mei di flitmento dos bez pa siman. Flitmento mas despues ta asegura un control continuo.

Ora e keda sin controla, e enfermedad "Sigatoka" a yega di ruina henter un hacienda di bacoba. Ariba un isla di Caribe, exporte annual di banana a baha for di mitar millon racima te 55,000 racima como un resultado directo di e enfermedad desastroso.

E liquido di petroleo pa flit desaroyá pa Esso ta worde aplicá ariba matanan di bacoba como un neblina pa medio di helicopter, avion ordinario of un pomp di flit portatil. Menos cu dos galon pa mitar bunder ta necesario pa controla e plaga cu ta mancha blachinan efectivamente.

Desde cu "Sigatoka" tabata descubri na Java pa promer bez, e enfermedad a plama practicamente pa tur lugarnan unda tin plantacion di banana.

## Intervencion di Senador Ta Salba Refineria

William Naden, president di Esso Standard, contestando un telegram di Senador John Kennedy di Massachusetts, a bisa cu ningun decision final a worde tumá tocante futuro operacion na Refineria Everett situá den e estado unda e Senador tin su residencia.

E telegram di e Senador a bisa cu e tabata hopi perturbá tocante e noticia cu Esso tabata considerando pa limita su actividadnan na Everett. El a pidi pa compania considera alternatibonan promer cu tuma tal paso. Sr. Naden a bisa cu ningun accion lo no worde tumá tocante e refineria na Everett sin "consideracion mas cuidadoso di tur e factornan involvi."

E telegram di Senador Kennedy pa Sr. Naden a bini despues di un reunion reciente di e union di Everett cu Sr. Naden tocante futuro di Everett. E union unbez a pasa e informacion aki pa Senador Kennedy.

## Record Iguana Caught By Pumper

THE LARGEST iguana ever caught in the refinery was nabbed recently in the spheroid field by H. V. Bessilink, pumper. The "monster" was four feet long, from nose to tip of tail, and weighed about eight pounds. J. A. Werleman, janitor in LOF, above left, caught the other two.

E IGUANA mas grandi cu nunca antes a worde cogi den refineria a worde capturá den spheroid field pa H. V. Bessilink, pumper. E "monstruo" tabatin cuatro pia largo, for di su nanishi te su punta di rabo, y a pisa como ocho liber.

## New Spots Tried For CYI Forms

For the convenience of employees who need forms for their CYI suggestions, pads of these blanks are being placed at CYI boxes in all enclosed locations on a trial basis. So that everyone will have the opportunity to use these blanks, employees are asked to take only the amount they plan to use -- not the entire pad. CYI forms are a storehouse stock item and can be obtained to replenish the CYI locations in the same manner as ordinary stationery items. There is still time to get that BIG CYI winner in the box for handy Christmas money.

# Record Cantidad Recibi Oloshinan den Ceremonia

Un record cantidad di 21 empleado a pasa e marca di 25 anja di servicio na Augustus y a worde presentá e oloshi pa conmemora nan servicio dia 3 di Sept. den ceremonia teni den cuarto principal di conferencia di Administration Building. Pa motibo di e grupo grandi, e ceremonia a worde cambiá for di Reception Center unda el tabata worde teni en lo pasado.

Fuera di e recipientenan di e oloshi, un total di 53 hefenan y miembronan di directiva a atende e programa.

Desde cu compania a eumiza honra empleadonan cu a pasa e marca di servicio di un cuarto siglo, un total di 614 oloshi a worde presentá na empleadonan como simbolo di aprecio y parti cu nan contribui den edificacion di compania pa e posicion cu el tin ave.

E programa a worde iniciá na November 1954, su 25 anja cu compania a celebra e mes aniversario y e mes anja cu e Centro Medico pa Empleado a worde inaugurá. For di November 8 te November 12, e ceremonianan inicial tabata worde teni dentro di departamentonan door di miembronan di Comité Ehecutivo. Un total di 205 oloshi a worde presentá originalmente na empleadonan cu a sirbi compania of afiliadonan

## Griswold Named Senior Engineer

Thomas N. Griswold, TSD-EIG, has been named senior engineer in a promotion effective Sept. 1.

Mr. Griswold joined Lago Sept. 22, 1956, as an engineer in TSD-Engineering. He will continue his present training assignment in Process-Cracking.

T. N. Griswold Process-Cracking.

## Third Polio Shot Due for 400

The Lago Medical Department continues to urge parents of children who received their first Salk vaccine shot for the prevention of poliomyelitis last January to send them to the hospital clinics during the regular hours for their third and final inoculation. There is no appreciable immunity against polio without this third shot.

The medical director advises that this final shot should be given seven months after the second shot which these children in the 13-to 19-year age group received in February. Approximately 400 children in this age group have failed to show up for the final protective inoculation.

All three shots are provided free of charge to children of Lago employees.

di Standard Oil Co. (N.J.) durante 25 anja of mas.

Presentando e oloshinan di oro cu inscripcion na e ceremonia di Sept. 3 tabata Gerente General W. A. Murray kende a bisa: "E Junta di Directiva ta masha orgulloso di tin empleadonan cu a escoge pa keda cu Compania pa un tempo largo asina di 25 anja. Toch, mi sabi cu esnan di nos cu a pasa e fecha memorable ey ta sinti cu en todo caso esey no tabata un tempo asina tanto largo y eu el a tuna nos tur gran satisfaccion."

Di e 21 empleadonan cu a ricibi e oloshinan pa nan servicio largo, 12 tabata di Mechanical Department, cuatro di Process Department, dos di TSD y uno di General Services, uno di Marine Department y uno di Public Relations Department.

E recibidornan di e oloshi tabata: P. Maduro, di boiler shop; J. E. Peterson, di machinist; V. V. Faro, di machinist; P. Scharbaay, di Mason; J. A. Anthony, di Plant; C. M. Dosssett, di Paint; G. G. Steward, di Pipe; C. E. Scipio, di Pipe; V. Webb, di Welding; G. Dirksen, welding; J. C. Thijzen, di Yakin; y P. Garcia, di Thard, tur esakinan di Mechanical Department; R. E. Illidge, di Acid & Edeleanu; H. van der Linden, di Cracking; W. C. Innis, di Receiving & Shipping; y C. E. Meyers, di Utilities; tur di Process Department; R. E. Frank, di TSD-Engineering; E. Kock, di TSD-Laboratory; T. G. Geerman, di General Services-Operating Division; R. M. Hazel, di Marine - Floating Equipment; y R. W. Schlageter, di Public Relations Department.

## Jersey Announces New Refineries In Norway, Africa

Construction work has started on a new refinery in Norway and the location of a refinery in North Africa is still in the planning stages, it has been announced by Standard Oil Co. (N.J.).

In Norway the refinery will be located on the west side of Oslo Fjord near Tonsberg. Scheduled to start production in 1960, it will be the largest refinery in Scandinavia.

In North Africa, Jersey Standard is one of seven companies planning to build a refinery near Algiers to handle Sahara crude oil. Laying of a 410-mile pipeline from the Central Sahara oil field to Bougie on the Algerian Mediterranean Coast was due to start early this month. The other six companies are all French

## Four To Complete Lago Careers In Early October

Four Lago employees will enter the company's retiree ranks when they leave Aruba for retirement early next month. The four, with a total of 78 years of company service, are James A. Lake, Mechanical-Pipe; Hendrik Patist, Process-LOF; Marcel Balussou, General Services-Dining Hall, and Francis Parisi, TSD-Engineering.

Mr. Lake, who has been a Lago employee for nearly 22 years, joined the company in November, 1936, as a laborer B in Mechanical-Pipe. He consistently advanced over the years to become a pipe fitter A in March, 1945. Born in St. Kitts, B.W.I., he is a nationalized Antillean and will retire to St. Martin Oct. 1.

J. A. Lake

F. G. Parisi

Mr. Patist has more than 26 years of service with Lago. He started with the company in March, 1934, as an operator fourth class in Process-LOF. He advanced to operator first class in April, 1936; was promoted to operator in 1943, and reached his present status of technician in November, 1955. He will start his furlough Oct. 1 and will leave Aruba to retire in the near future.

H. Patist

Mr. Balussou has been head cook in the Dining Hall for the last ten years. A Frenchman, he came to Lago in December, 1947, as supervising cook in the Dining Hall and was promoted to head cook in August, 1948. He will leave Aruba Oct. 1.

Mr. Parisi joined Lago in July, 1940, as a field engineer in TSD. He was promoted to engineer in that same department in January, 1945. Mr. Parisi will leave Aruba on furlough Oct. 9.

## Griswold Nombra Senior Engineer

Thomas N. Griswold, di TSD-EIG, a worde nombrá "senior engineer" den un promocion efectivo Sept. 1.

Sr. Griswold a drecta servicio di Lago Sept. 22, 1958 como un ingeniero den TSD-Engineering. El lo sigui su asignacion actual di training den Process-Cracking.

## Inventories Set for Sept. 30

General Services Department has announced that both the Lago and Community Commissaries will be closed for inventory on Sept. 30.

General Services Department a anunciá cu e Lago y Community Commissary tur dos lo ta cerrá pa inventario dia 30 di September.

## TSD-Lab, Process Finalists In Sport Park Tournament

Action in the Inter-Departmental Football Knockout Tournament got underway Sept. 5 in the Lago Sport Park with Kellogg and Pipe playing an action-packed game before an enthusiastic crowd of 700.

Pipe emerged the victors by luckily calling the right side of a coin after the two teams battled to a 2-2 tie during the regular 90 minutes of play, went scoreless in a 15-minute overtime period and then scored one more goal each with penalty kicks. After the overtime period, each goalkeeper stopped the first two penalty kicks and each let the last kick go through.

As Winner A in the tournament, Pipe met TSD-Lab, Winner B, as a result of a 12-0 victory over GOB, in a contest Sept. 17 and lost by a score of 4-2. Lago Police became Winner A after defeating Machinist 3-1.

Carpenter and Paint made the second round as a result of a forfeit over Metal Trades. Process became Winner D after defeating TSD-Engineering 4-2. The two teams battled it out Sept. 19 with a spot in the final contest for champions at stake. Process won the contest with a 4-1 score. TSD-Lab became Winner H by defeating Lago Police 2-0 last Monday night. As Winner G, Process met TSD-Lab in the finals.

## Softball League To Start in October

The Lago Sport Park Board has announced that competition in the Inter-Departmental Softball Tournament will start the second week in October.

Departments wishing to enter the tournament should list the names of players, managers and captain for their team and send it to J. Kock, Garage & Transportation. Deadline is Oct. 3.

Those wishing further information should contact Mr. Kock.

## Banda di Herman Lo Taki pa Oct. 30

E orchestra di fama mundial di Woody Herman ta fihá pa presenta na Lago Sport Park ariba Oct. 20.

E banda di Herman ta haciendo un excursion den America Latina

## New Assistant Editor

NEW ASSISTANT editor of the Aruba Esso News is Robert J. Richardson from Warren, Ohio. Following his graduation from Ohio University with a bachelor of science in journalism degree, he spent two years as assistant editor of the Packard Cablegram, industrial publication for Packard Electric Division of General Motors Corporation. A U. S. Army veteran, he served in the Medical Corps in the Pacific.

## LSPB Nominating Committee Names Ten Candidates

In preparation for the Oct. 28 and 29 general election of the Lago Sport Park Board, the group's nominating committee has named 10 candidates.

Breaking the list are incumbents A. W. Brokke of the Accounting Department and J. N. La Cruz of the Lago Commissary. Both are running for re-election, Mr. Brokke representing basketball and tennis and Mr. La Cruz baseball and tennis.

The others named by the committee, their department, and sports they represent are J. P. Pemberton of the Lago Commissary, weightlifting; L. Albus of the Accounting Department, football and volleyball; J. A. Bislick of the Accounting Department, softball and football; T. Johnson of the Process Department, cricket and track; V. C. Thomson of Mechanical Administration, volleyball and softball; C. L. Batson of Mechanical Administration, tennis; L. P. Sullivan of Mechanical Administration, cricket, and L. C.
